

I am extremely Thankful to **Dr. Madhuri** and the staff of **KAC** and am indebted to them for making me disease free from the Severe **PSORIASIS DISEASE**. I have had this skin problem on the scalp, elbows, knees, buttock, back of the ear etc and there used to be severe Itching especially in the nights. I was vexed of using Allopathic Lotions, Ointments etc with cure at a longer distance. I was told about the Doctor by a friend of mine; visited Hyderabad took Panchakarma sessions and is happy now. Thank you doctor very much - from the bottom of the heart.
