

I don't know where to begin to give praise to **Dr. Kranthi R Vardhan** and **KAC** because my heart is full of Joy, Love, but most of all Hope. I was suffering from **SEVERE OSTEO ARTHRITIS** when I was referred to **THE KERALA AYURVEDIC CARE**. I'm delighted with my health status now and am really happy to be able to do the house hold works with ease, climb stairs, walk and sit with less difficulty. More over after the Therapy, there are no side effects. It is such a blessing to have hope again, Thank you KAC.
